1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE CLAIMS:

In claim 4, line 3, --pixel gain amplifier-- has been inserted before "circuit" for clarity of antecedence.

In claim 7, line 3, --pixel gain amplifier-- has been inserted before "circuit"

In claim 12, line 3, --pixel gain amplifier-- has been inserted before "circuit"

In claim 17, line 2, --pixel gain amplifier-- has been inserted before "circuit"

2. The following is an examiner's statement of reasons for allowance:

With regard to independent claim 1, the prior art of record neither anticipates nor renders obvious the instant combination in a correlated double sampling pixel gain amplifier circuit that has, *inter alia*, "an input capacitor onto which input capacitor charge from an input pixel is sampled during a first of first and second time phases, wherein the input capacitor is functionally coupled to the input of the amplifier and to the input of the pixel gain amplifier circuit during the first and second time phases."

With regard to independent claim 10, the prior art of record neither anticipates nor renders obvious the instant combination in a correlated double sampling pixel gain amplifier

Art Unit: 2622

circuit that has, *inter alia*, “means for varying the gain of the amplifier from a first gain for a first pixel to a second gain for a second pixel, wherein the first and second gains are determined, at least in part, by an input capacitor and a feedback capacitor; wherein the input capacitor is always functionally coupled to the input of the amplifier and the input of the pixel gain amplifier circuit.”

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

3. The examiner notes with regard to the Information Disclosure Statement (IDS) filed 5/14/01, that the references therein have been lined through by the examiner because said references have already been considered in the IDS of 6/21/04, as evidenced by examiner initials and signature in the IDS of 6/21/04.
